

NANTUCKET LIGHTSHIP/LV-112

United States Lightship Museum

United States Lightship Museum Volunteer Application

The United States Lightship Museum is looking for volunteers who are passionate and committed to preserving historic properties and artifacts. As a volunteer, you will be involved in helping to restore and preserve one of our nation's most unique maritime treasures — *Nantucket Lightship / LV-112*, a designated National Historic Landmark. Moreover, you will meet a group of people who share your interests and commitment to historic preservation. In addition, the LV-112 Preservation Project will provide an exceptional teaching and learning environment — a floating learning center! We are looking for individuals willing to volunteer their time in the following areas:

- Administration
- Mechanical repair (marine diesel engines, air compressors, electrical generators, etc.)
- Welding / metal fabrication
- Plumbing / heating
- Preparation and paint (all phases of metal prep, sandblasting, etc.)
- Tour guides
- Research
- Writing and editing (website / newsletter)
- Desktop publishing (MAC)
- Photography / videography
- Grant writing
- Marine electrical systems
- General miscellaneous duties

The United States Lightship Museum is composed entirely of volunteers who include former U.S. Coast Guard lightship veterans, maritime historians and enthusiasts. Moreover, we are looking for anyone who has an interest and passion for maritime history. Please mail this application to: USLM, P.O. Box 454, Amesbury, MA 01913.
